| Scope 2 | kton of $\mathrm{CO}_{2} \mathrm{e}$ | 244.10 | 194.91 | 194.84 | 194.84 | 188.24 | 186.99 | 50.99 | 52.11 |
| Scope $3^{4}$ | kton of $\mathrm{CO}_{2} \mathrm{e}$ | 3,485.17 | 3,695.46 | 3,501.32 | 3,367.23 | 3,278.49 | 3,226.48 | 3,279.79 | 3,182.15 |

[^1]
[^0]:    1. $100 \%$ of the water we discharge from our manufacturing operations is sent to water treatment plants, which ensure sufficient quality to foster aquatic life.
[^1]:    2. Includes plants and distribution centers.
    3. In 2021, we obtained IREC for the renewable energy supply of our operations, including plants and distribution centers, 4. Our SBTi target does not include electricity from our customers' cold beverage equipment.

    Our emissions and energy performance reflect all our operations and are calculated based on the SBTi methodology.
