

## Cybersecurity Commitment at Coca-Cola FEMSA

1. We protect the confidentiality, integrity, and availability of Coca-Cola FEMSA's information, both our own and obtained from third parties, through defined and implemented controls in processes, people and technology.
2. We continually strengthen our cybersecurity posture by constantly monitoring compliance with controls and stakeholder requirements.
3. We monitor our technological infrastructure to prevent, detect, and respond opportunistically to threats that may compromise information security or the organization's operational continuity.
4. We encourage the individual responsibility of our Employees and Third Parties, in line with Coca-Cola FEMSA's Ethical Code and the Information Security Policy.
